

Pipe-Boxing

Coverad Pipe Boxing is suitable for a wide range of applications, whether domestic or commercial. Manufactured from fire rated 4.5mm (B-s3 d2) or 3mm (B-s3 dØ) uPVC, it will withstand the rigours of day to day use in any environment.

Bespoke profiles can be made to measure to suit individual applications. Coverad Pipe Boxing, Fire Sprinkler Boxing and Cable Covers are available in two or three sided sections with square, angled or radial edges. In a choice of 1.2m or 2.4m lengths. Slotted sections are also available to increase airflow as well as joining strips, external corners and end caps.

Whatever your specific needs, you can be assured that Coverad have the right products and solutions for you. Highly recommended for all wet areas and where fire rating rules out traditional wooden boxing.
